“Supporting Candidates Who Support Our Values”
www.SupportThePlatform.org

Preamble - We believe man’s “rights” flow from the Creator and the rights of life, liberty, and justice cannot be legitimately granted or rescinded by men. We believe in the guiding force of moral law as expressed by the Judeo-Christian ethic and contained in the Holy Scriptures of these historic faiths. We believe the only answer to the current moral decline our Nation now faces is a return to the beliefs and standards of morality that our Founding Fathers placed into the United States Constitution, to which President Adams stated, “This Constitution will not work except with a religious people.” We understand the concept of self-government begins with governing one’s self first, then family, community, State, and Nation.

_____ **SANCTITY OF LIFE** - We support the protection of innocent life at all stages and believe life begins at conception and ends at natural death. We support adoption as an alternative to abortion. We support a comprehensive ban on all human cloning and support ethical stem cell research that focuses on cures, not destroying innocent human life.

_____ **FAMILY** - We support and affirm the family as the natural and indispensable institution for human development, where family decisions are made, children are raised, and morality is taught. We support the two-parent family as the best environment for raising children, and therefore believe it is important to define marriage as being between one man and one woman. We oppose same-sex partner benefits, child custody, and adoption. We believe public policy and education should not be exploited to present or teach homosexuality, or other non-heterosexual relationships and/or behaviors as acceptable “alternative” lifestyles.

_____ **RIGHT TO KEEP AND BEAR ARMS** - We support the United States Constitution and its guarantee of the right of its citizenry to keep and bear arms. One of the first acts of a totalitarian society is to disarm its people; gun control laws only serve to disarm law abiding citizens, not criminals.

_____ **EDUCATION** - We support the right for every child legally in California to the opportunity for a first-class education, and believe parents will make better choices than government. We support school choice programs, school voucher programs, magnet schools, charter schools, homeschooling, educational savings accounts, and the rights of parents.

_____ **IMMIGRATION** - We support and welcome all legal immigrants and others who are here by due process. We affirm our country’s absolute right to control its borders. We support legal immigration and the immigration laws that are already in place and call on the government to enforce all laws on this issue.

_____ **PRIVATE PROPERTY RIGHTS** - We support the principle that the purest form of tyranny is government confiscation of its citizens’ private property. Condemnation and government restriction on private property must only occur for public uses, and we reject condemnation or government restrictions on property without full compensation for such condemnations or restrictions.

_____ **EQUAL OPPORTUNITY** - We support equal opportunity and laws prohibiting discrimination in employment and housing based on race, ethnicity, nationality, sex, or religion. We oppose any special rights based on sexual or behavioral preferences and oppose quotas, set asides, or guaranteed equality of results.

_____ **ENVIRONMENT** - We support long-term responsible stewardship of our bountiful natural resources for future generations. We support a healthy economy and environment and support environmental policies based upon sound science, innovation, new technologies, and incentives rather than regulation, taxation, litigation, and fear tactics.

_____ **HEALTHCARE** - We support the concept of freedom of choice in health care and oppose government mandated health care plans. We oppose any universal healthcare plan for California that would involve taxes on doctors or hospitals, coverage for illegal aliens, or tax subsidies and support private sector solutions.
